

e-Mission: **PANDEM-SIM**

Teachers, We Need You!

Pandem-Sim Needs Teachers for Pilot Testing

Are you a life science teacher?

Do you want access to free and challenging classroom resources?

We are inviting 5 select life science teachers to apply for participation in the Pandem-Sim research and evaluation component of the project. Please review the following inclusion criteria and contact Dr. Debbie Tyrrell, at dtyrrell@wju.edu, regarding your questions.

PARTICIPATION CRITERIA:

Minimum of 5 years of experience teaching US high school life science

- Currently teaching grades 10-12 (biology, advanced biology, anatomy and physiology, environmental science, health, and/or medical/vocational courses)
- Pandem-Sim research and evaluation efforts aim to reach 25% minority and underrepresented teacher populations

COMMITMENT REQUIREMENTS:

- Pre- and post-surveys
- Facilitated completion of online student pre- and post-surveys and assessments, mission preparation curriculum, assignment of specialty roles within student teams, coordination of research permissions, technology coordination

PARTICIPATION BENEFITS:

- Teacher Stipend
- Free Pandem-Sim simulation worth \$550
- Additional support curriculum
